Thanksgiving is quickly approaching! This is a special time of year that you give thanks to all the lucky things you think you have. This year many kids may say they are thankful for video games or toys or even electronics. Some don't understand what you should be thankful for.

This year I'm thankful for the love that I get and that I get to give. For example, I'm thankful for all the people that love me. Like my mom she loves me no matter what. Also my friends, Vanessa Griffin, and Casey Boyle. They love me and I hope they do great on this. I know they will do great. I think that I'm lucky that I have a family that loves me. Some people don't have that. I'm also thankful that I have a roof over my head and food. Many people don't have any of it. One other thing that I am thankful for is my education a lot of kids do not have this.

I am thankful for all of this stuff. This is because, many kids parents are either divorced or not with them. Because of this some kids don't get the love they deserve. I'm lucky I have people who love me. I am also lucky that I have shelter and food. Lot's of people are homeless. Another thing that I have is education. Because people are homeless, they may have children that can't get the right education. My classmates and I are all lucky.

Thanksgiving is a time of having a loving family gathered together and usually my family says a prayer for all of those people I talked about. This Thanksgiving I hope everyone is with their family and is thankful for something!!!
