

PSI76Q

Class 321

Mrs. Timmons

Katelyn Melville

This year I am thankful for my family and my teacher. My family because of all the love and support I am given every day. I am grateful for the way my parents teach me how to be an outstanding citizen by not looking down on anyone who may be less fortunate than I am. Sometimes I see children that are unhappy with no one to turn to, and I feel blessed that I have family who will stand by me in times of need.

Every day before my parents leave for work, they give me a hug and tell me to have a productive and good day. This makes me very happy and thankful knowing I have parents who love me so much. I am also thankful for being taught to show respect to everyone especially senior citizens. I am thankful for my teacher Mrs. Timmons for being such a dedicated and caring person. As students we can be a handful at times, but she understands kids so well that she is able to handle situations in a professional way.

I would like to express my appreciation to my family and teacher by striving to be a thoughtful and considerate person and a model student because of all the love and support everyone has shown me. Finally I just want to say that I am very thankful for good health and strength and express gratitude for every morning that I wake up.
