

## **The Day we Give Thanks**

This thanksgiving I am thankful for the life I am given. People out there in the world can't even walk out the door without getting heart. We celebrate this holiday to give thanks to the things we are given. Most people can't celebrate this day to show what they are thankful for. This is because they aren't thankful for anything. My family loves each other, for what we are given. Earth! People all around the world gather to this day to show what they are thankful for. They pray to be safe and happy. Our country is living on peaceful and safe home. Innocent people in the U.S are fitting for us to have freedom. We must be prepared for anything. Some people aren't luck. One morning they say "hi" those were their last words to that person. What I am trying to say is that we should appreciate for what we have. This thanksgiving I am thankful for the life I am given!
