This is My Life...

There are a bunch of things I am grateful for. My number one thing is having a family that does everything for me. They are the sprinkles to my ice cream.

My mom is very important to me. I would not know what to do without her. She is as loving as a man on Valentines Day. Some things my dad cannot do, so that is why I need my mom. She goes to work, makes dinner and then cleans the house. My mom does everything and never takes a break. She is very fun and does adventurous things. I love my mom and I am grateful to have her in my life.

My dad is as strong as a twenty thousand pound building. There are three girls in our family, my mom, my sister, and I. He is very protective over us and loves having daughters better than having sons. My dad is a detective. Anywhere and everywhere we all go he makes sure that we are safe. He is as sweet as candy. I love my dad very much and I would not want any other dad than him.

In conclusion, I am very lucky and grateful to have the family that I have now. Nobody can replace my family.
