I am thankful for many things. One thing I am thankful for is my family. I am also thankful for my friends. I am also thankful for my school. One more thing that I am thankful for is my house. Thanksgiving is the time of the year when you should be thankful for what you have. I am thankful for much more.

Here are the reasons why I am thankful for those things. One reason why I am thankful for my family is because they provide me with what I have now. My food, my cloth, and my fun. I am also thankful for my friends because they provide me with my laughter. I am also thankful for my school because they give me all the education I need to have a better life. I am thankful for my house because it provides me with my protection. What are you thankful for?
