I am thankful for living and growing up in the USA. Living in the USA is the best opportunity you can get. The best thing is, in the USA we have the right to freedom. In some other countries, they have strict rules of what to wear, what to do and most of all they don't let you be yourself. In this amazing country we can make our own decisions. We don't let anybody make decisions for us. In this country when you respect others, and you respect others' opinions, all American citizens grow up to be wonderful, independent people. We all should be grateful that we have a wonderful community and we have police officers and firefighters that help us when needed. They are always out to help us and we should respect them.

In conclusion, we should honor this outstanding country and be thankful, because what if we had no America? We would not have the right to do what we do now. Be thankful for America and what we are fortunate to have!

**U**nbelievable opportunities for all

**S**ensational community resources

**A**mazing military personnel
