

I am thankful for my family because they always have food on the table and my brothers play with me when I am bored .I am also thankful for my grandparents because they always have fires when me and my brother is there and they always let us go in the corn filed and rid the four wheelers. I also am thankful for my aunts and uncles because I always have fun with them and I go swimming too. The last thing is I am thankful for my cousins because they play with me and my brother and they sometimes go swimming with us. I am also thankful for my teachers because they help me out when I am having trouble that is what I am thankful for.
