

What I am thankful for is my family. I am thankful for my family because they love me for who I am. I love my mom for who she is and how she makes it so I can get better at life. I love my dad because he's good at work and an awesome dad. My brothers Mikey and Jon I love them for who they are. My cousin Cheyenne I love her too because she helps me. I am happy to have a family who cares for me a lot. That is what I really love about my family and what I am thankful for.
