

## What I am Thankful for.

I am thankful for so many things. I am so thankful for my wonderful family because they love me so much and take good care of me. My brothers always help me with homework and my mom always lets me cook at 10:00 at night. My dad always plays board games with me. I have a lot of aunts, uncles, and cousins. They are all very nice to me. I get to play with my cousins all the time. We always have fun when we get together for holidays.

I am thankful that I have a house with my own bedroom and a tv in my room. I have a big basement with toys and games.

I am thankful that my grandmother is getting better. She was very sick and did not think she was going to get better. Every day with her is a gift.

I am also thankful for wonderful neighbors. We all look out for each other and help each other out when we need something. I like to play with all the kids in my neighborhood. They are always so nice to me and we have fun running and playing.

I am very thankful that I have a school and nice teachers in it. They are very nice to me and they teach me such wonderful stuff. My principal is very nice to all of the kids. The teachers and the principal make going to school fun. These are some of things I am thankful for.
