

I Am Thankful

I am thankful for my school even though it's not that cool but I still need an education and you do too.

I am thankful for my mom and dad.

I think they are pretty rad.

I am thankful for soccer which rhymes with rocker.

I am thankful for my brother who is really annoying.

I am thankful for my friends.

They are all so nice.

I am thankful for my babysitter.

She takes care of me when my parents aren't around.

I am thankful for teachers who will help me learn.

I am thankful for everyone I know.

They are the ones who got me where I am today.

It's the best place to be.

I am thankful for my house.

It makes me feel warm inside.

I am thankful for my family.

They are the best around.

I am thankful for my birth.

Now I can live on Earth.

I am thankful for food.

It keeps me alive.

I am thankful for my Xbox when I have nothing to do.

I am thankful for a lot of things and you should be too.
