

Name: Zareyah McCants

Date: November 9th, 2015

Class: ELA, 6th Grade

School: I.S. X303 Leadership Community Service Academy

Prompt: What are you thankful for this year?

This year, I am thankful for several things. Thanksgiving is a holiday that I love celebrating because I am able to tell my family and friends how thankful I am to have them in my life. For example, I am thankful for my family because they take care of me and they make sure that I am safe. I am also grateful because I can talk to my family about anything without being scared. In addition, I am thankful for myself because my goal in middle school is to strive for good grades and in order to achieve good grades I need to stay focused and find strategies to help me. Finally, I am thankful for my teachers because if it was not for them I would not be learning how to achieve my goals and how to become better in each subject. These are the many things that I am so thankful for this year.
