

Recycle to save Planet Earth

When I went on a vacation,
I made an observation,
of ocean animal's lives,
My mind full of illusion,
Ocean animals, innocent animals, people hurt with trash,
Recycle and save ocean animals from dying from injustice.

I can pick up trash from beach,
Stop animals getting hurt from metal cans,
Plastic bags wrapped around animals' neck and paws,
Recycle is a good way,
I can do to help ocean animals,
to have a beautiful life in the clean water.
