Planet Earth

Planet Earth,

A place where I live

**Trash is growing and growing
is evolution!**

Trash getting to my head

Is there a solution?

To stop the pollution!

Garbage, garbage here and there

Garbage on land and in the Ocean

Garbage, garbage everywhere

On my way to vacation

See trash on the highway

We are polluting

I think and make reflection

Let's save ocean animals

Sea turtles, whales, sea horses, coral reef

Mrs. Moodie

Planet Earth

Be Open-Minded and Caring

Tons of tons of trash dumped

There is a solution to stop it

To solve ocean environment

Work with each other

Can we change our planet earth?

I say we can

On the Earth Day 2025,

I say Recycle, Reduce, and Reuse!
