

# Earth Day

## New York 2025

**Help save  
OUR  
Future**

*The importance of saving our world for the future generations, recycle your plastic goods your paper goods. Try to reuse thing your able to reuse so we can help reduce the air pollution that us causing are O-Zone to have a hole our Earth is getting sick, and we need to give it medicine and that medicine is are efforts to get ride of pollution air and waste*

# **Our Power Our Planet**
