

Our Power...Our Planet!

- Recycle to save our planet .
- Reduce the amount of waste
- We only have one planet.
- Also reduce the waste we produce that is destroying the ozone layer.
- Recycle if you care about the planet.
- I urge you to recycle and reduce and help our planet.
- Global warming is a problem and the waste is making it worse
- Please show the planet the respect it deserves
- Our planet should always remain clean and healthy
