

I'm thankful for my family because they buy me food and clothes. And they care about me, too. I'm thankful for my mom because she does my hair and she takes me to the nail salon to do my nails. And I'm also thankful for my dad because he buys me shoes, clothes, and a new phone for my birthday. I'm also thankful for my mom because she brought me new shoes for my birthday. And also I'm thankful for my dad and my brother because they took me to Red Lobster. I'm thankful for my parents because they take me on trips during the summer, like Puerto Rico, Jamaica, the Bahamas, and the Dominican Republic. I'm thankful for my brothers because they buy me things, and they care about me too. And I'm thankful for my sister because she sends me money. I show my gratitude by cleaning around the house and helping my parents.
