

Hello, my name is Jaxon-Noel-Delerme-Lugo, and I go to the Lowell School in Queens. And I will be talking about what I'm thankful for. I'm thankful for my family because my family is everything to me. Like my Moms, they work hard Everyday provide a lot of stuff for our family. And my grandma and grandpa, my grandma cooks food every day for the whole family, and my grandpa drives everyone wherever they want to go. I'm also thankful for the other stuff in my life, like being able to go to school and having friends. But the only thing that I'm not thankful for is my dyslexia, but at the same time, if I didn't have it, I wouldn't be meeting the people that I'm the bestest friends with. And I can't forget mentioning my brother and sister, Ella and Jeremy. I couldn't ask for a better sister or a better brother. They do so much for me; they get me stuff and help me with stuff like reading or homework. I'm also going to talk about my pets, like my pet fish and my pet cat.

They're probably the coolest pets I've ever had. Like my cat Hershey, he's a sphinx, and that's a type of cat breed that, when they're born, they don't have any hair. And my pet fish, I have a pleco, a catfish, my cichlid, and an Oscar. The Oscar's name is Nikk, the pleco's name is Polo, the catfish's name is Kitty, and the cichlid's name is Rikers. And I'm thankful and love them all so much. And that's what I'm thankful for, thank you for reading this story.
