

What am I thankful for?

Thanksgiving is a time to think about everything that makes life special. I have so many things to be thankful for, but the first one is my family. My mom and dad are always there for me. They help me with my homework, come to my games, and make me laugh every day. I'm also thankful for my little sister, Natalia. She can be funny and sometimes a little silly, but I love her so much.

I'm really blessed to have my Mama and Papa, too. They always take care of me, cook my favorite food, and tell me stories that make me smile. I'm proud to be their grandson. I'm also thankful for my cousins, Iris and Conrad. I'm the oldest cousin, so I try to look out for them and make sure we all have fun together. I'm also grateful for my aunts and uncles — Darling, Honeybunch, and Auntie Kitkit — because they always make our family gatherings extra happy and full of laughter.

Besides my family, I'm thankful for my friends and my basketball teammates. They make school and sports exciting. We cheer each other on, work hard, and never give up. They teach me what teamwork really means.

This Thanksgiving, I'm thankful for love, laughter, and the people who make me who I am. I feel lucky every day to have them in my life.
