What I Am Thankful For

Thankful for my family and friends for being there for me.

Having good grades in all of my subjects.

A house to live in, so when there is a storm, I can be safe

Nice teachers to help me when I need help with my
classwork or my homework

Kindness and peace

For having a dog because he does cool tricks, and also
comforts me and my family

Umbrellas, so when it rains, I can be dry

Living in a safe country to keep me safe.

Nice relationship with my family

Electricity so I can do my school work, and I can shower
and do other stuff to

Siblings because we can help each other and play to.

School, because it helps me learn different kinds of stuff.
