

My name is Tyler Ng. I am a seventh-grader who attends the Christa McAuliffe Middle School in Brooklyn. I am very thankful for many things. I'm thankful for being healthy and physically active. I enjoy tennis, basketball and my favorite activity is swimming. Everyday, I also give thanks for the nutritious foods my parents provide me. I am also thankful that I live in a safe and warm house. In that home, I get a restful sleep in a comfortable bed every night. What I am most thankful for is that I get to do all these great things over again the next day.
