

Thanksgiving Day Student Showcase

I'm thankful for my family, friends, and musicals.

I'm thankful for my family because they care about me and love me very much.

My mom buys me clothes, takes me and my brother to shows and movies, pays for my hair, and buys me the things I need. I can always talk to her about things if something bad happens to me at school or if I have an argument with my dad. She takes me to Broadway shows that I really enjoy, like Annie and Wicked. She also makes plans for me to hang out with my friends. She makes my brother and me dinner for the week as well.

My Dad wakes up early in the morning to make me breakfast. He buys us food when we have nothing in the fridge or if any of my relatives come for a visit. He takes me and my brother to a fast food place once in a while, and he would take me and my brother to the movies.

My brother takes me to Ralph Itainan Ices during the weekends once in the while. He is the one who pays for the ice cream, and he gives me half of the change. He buys me food rarely or takes me to movies. I can always go to him if I'm having problems with both of my parents, and I will have his back when my parents are arguing with him
