

Something that I should be thankful for on Thanksgiving is the people that I have met and gotten to know at a rock climbing place called Movement. Some of the people at Movement are younger than me, and some of them are older than me. I am in a rock climbing class called "club team". On the club team, there is a boy named Cyrus, and there are two other boys named Ileas and Arom. Also on the club team, there is a girl named Vivian, and there are two other girls named Elise and Eliona. I know a person who goes to Movement named Guy. He has a 22-month-old son named Fin.

I am happy about Prospect Park. I like to walk in Prospect Park by myself. I think that soon I will walk around Prospect Park by myself, and I am thinking about walking around the perimeter of it too. Something nice about Prospect Park is that in the winter, there is an ice skating rink. At the ice skating rink, there is a place where you get your ice skating shoes. There are benches where you put your ice skates on, and there is also sometimes a Christmas tree. Near the ice skating rink, there is a cafe where you can get hot chocolate with marshmallows and whipped cream. I think that this winter I will go to the ice skating rink.

I am happy about my family. I will get to see all of my cousins at my uncle's house, when it is Thanksgiving. His house is a six-hour drive from my house. My uncle's name is Tom. When I go to Uncle Tom's house this year for Thanksgiving, I will be happy to see his dog Miley. During the time that I am there, I will go down to the basement. There is a skateboard down there, so I will ride around on it. When I am on the skateboard, I will go around the town. For dinner, there will probably be a lot of different foods to eat. There will be pie for dessert, and not just one type of pie; there will be different kinds of pie. During the daytime, I will probably go on a walk in the woods, or maybe I will do it at night, or maybe both. I will go very deep into the woods all by myself. I am thinking that I will go into a pond that is there. It will be very cold, but I will do it anyway. I might not wear a swimsuit if I do not have one because I can just change my wet clothes.
