Thankful for love

*Food, turkey, toys, rice
To someone else it's their dream
But to me it isn't that nice
Sure its good
But don't forget the person who made it
And love them, you should.*

*Thanksgiving is where you bond with your family
And love them all the way
And live with them happily
So don't scream, yell ,push or shove
Cause deep down
Your thankful for family and love.*
