my life

I AM Thankful for my life because I wouldn't be here in school with awesome teachers, I wouldn't be able to draw, or even have friends. every day of my life is great so who doesn't want a life, also cause mom and dad say to be a kid as long as I can. there are so many things I would miss if I didn't have a life, like art, my family, my friends, christmas, Halloween, my Birthday, thanksgiving, summer, TV, and reading.

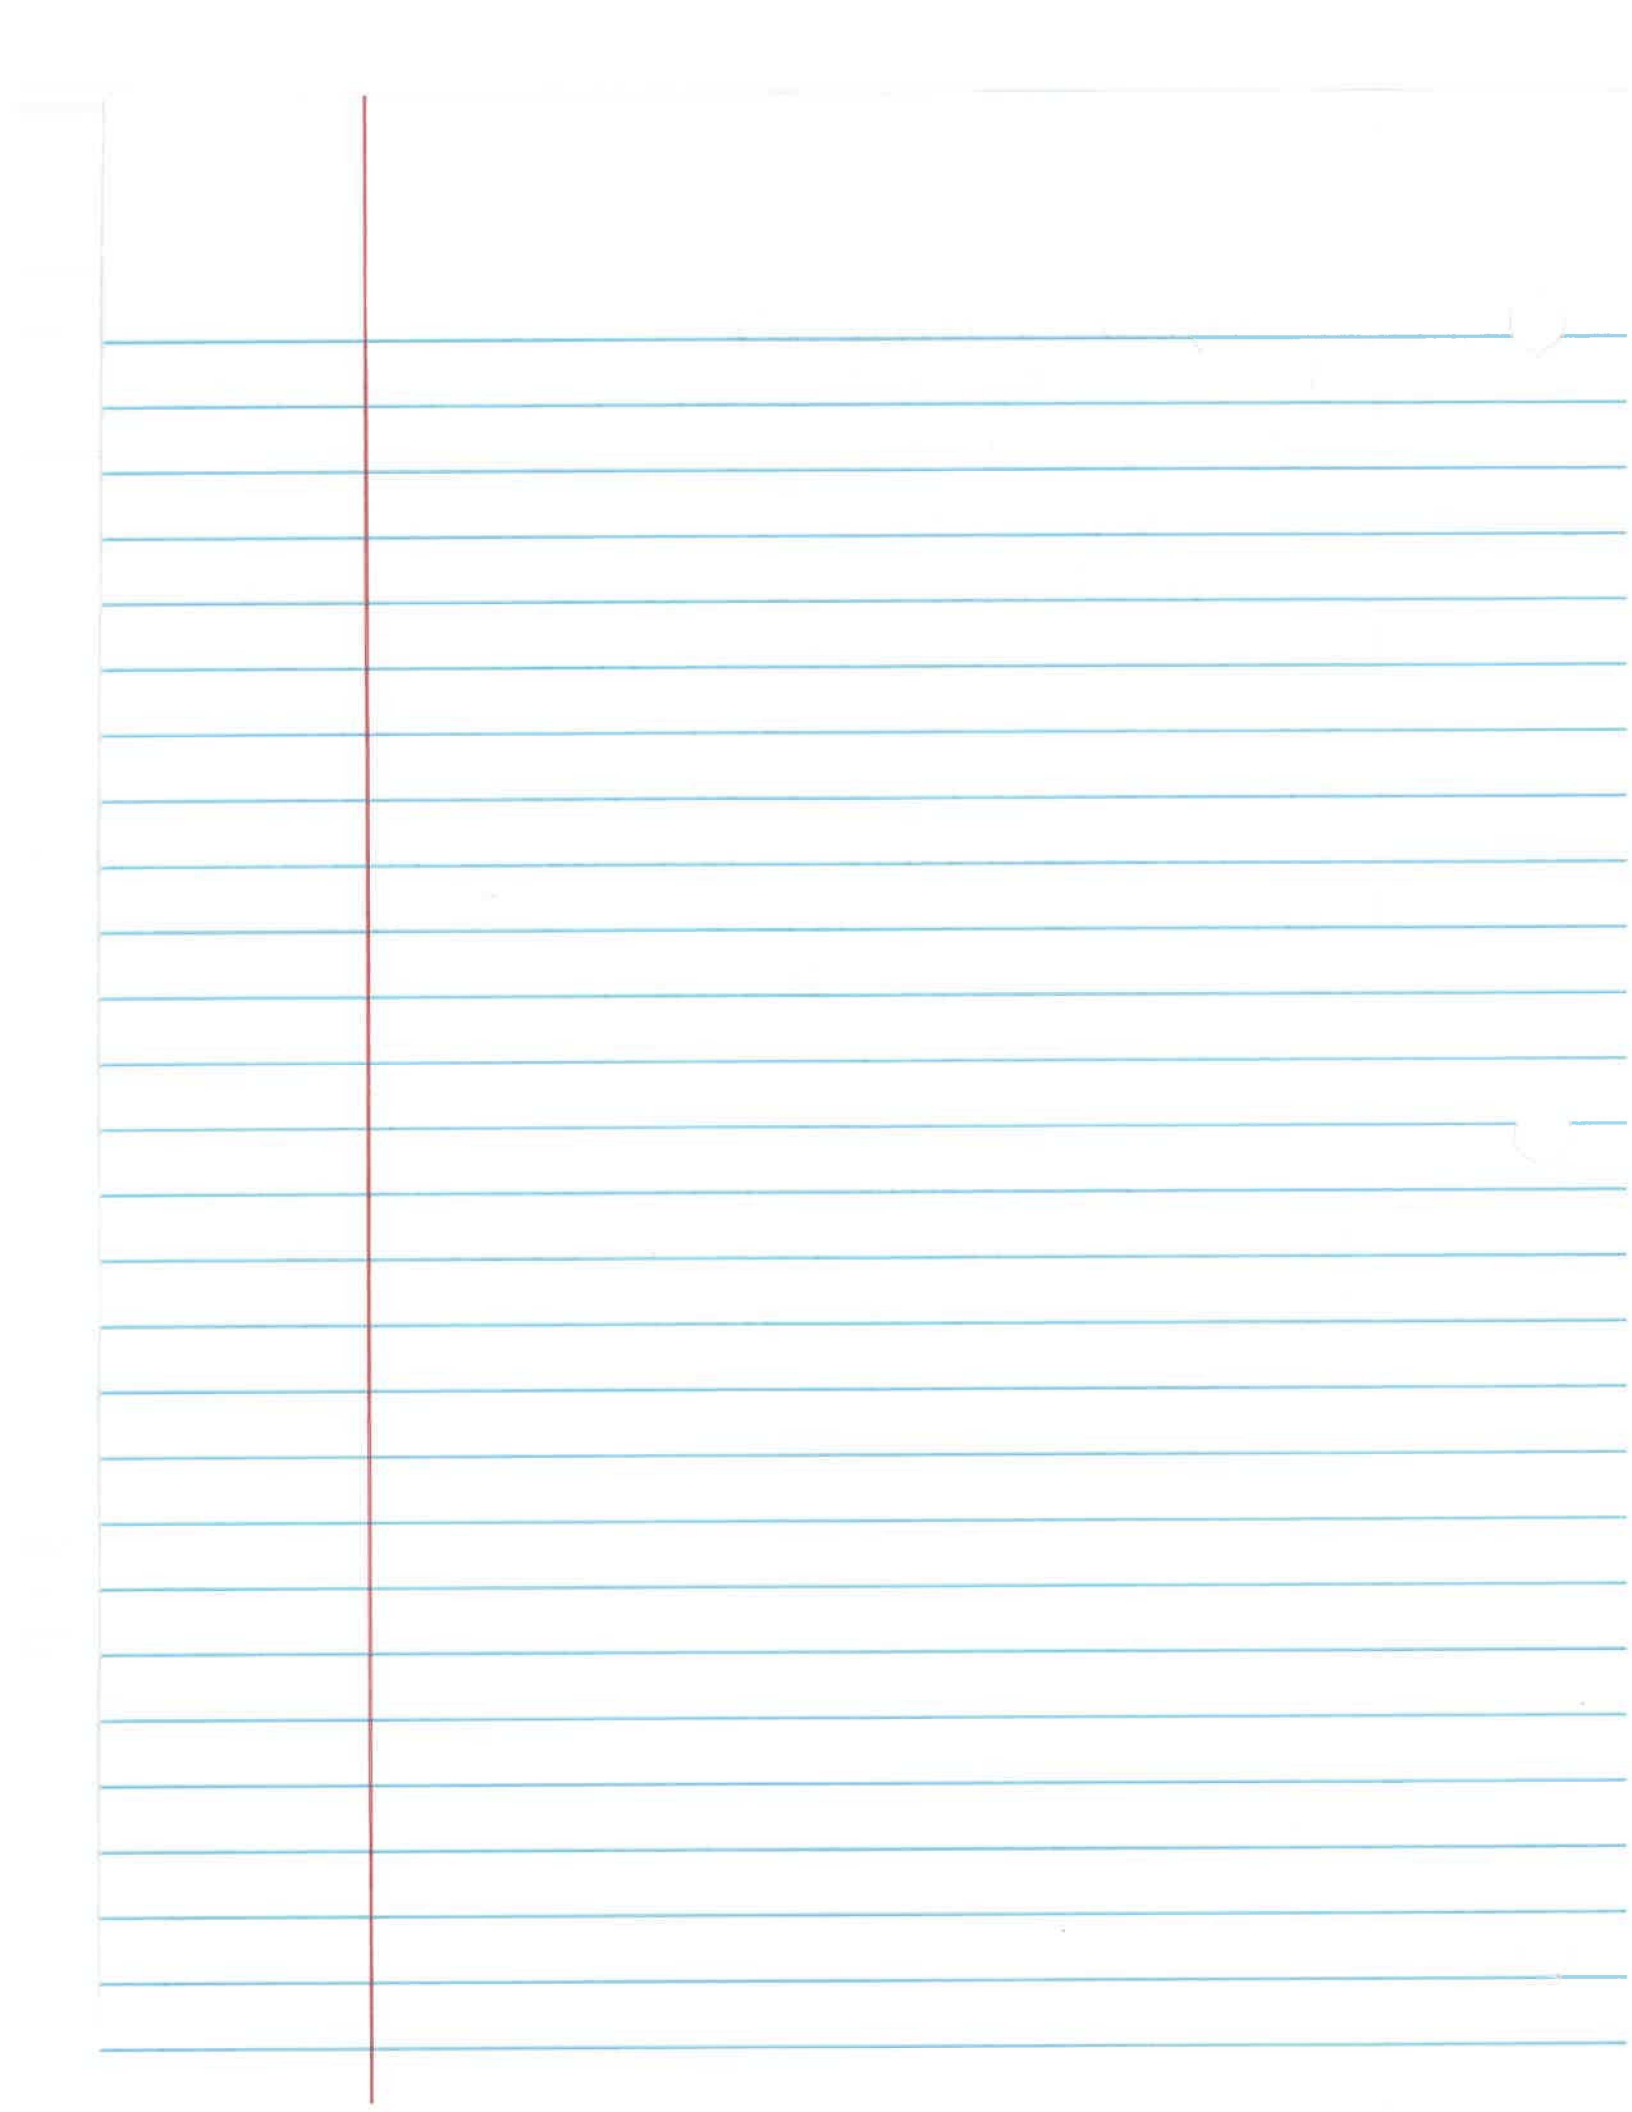

family and friends

My family means alot to me cause they support me in my sports, art and other things. they alway give me honest opinions. (also I absolutely love my dog) for My loving Besties we all love drawing, also dandys World. they understand me. so thant to my family for supporting me, understanding me and being absolutely great people. ♥

Madelin: I am thankful for my parents because they give me toys and anything else that they give me food and drink for me to eat when I am tired they will tuck me into my bed at night and they do that every night and I am happy for that at every night. It was a good night then it was the morning then they tell me to go get some clothes for school and I said yes mom and dad to them I said to.

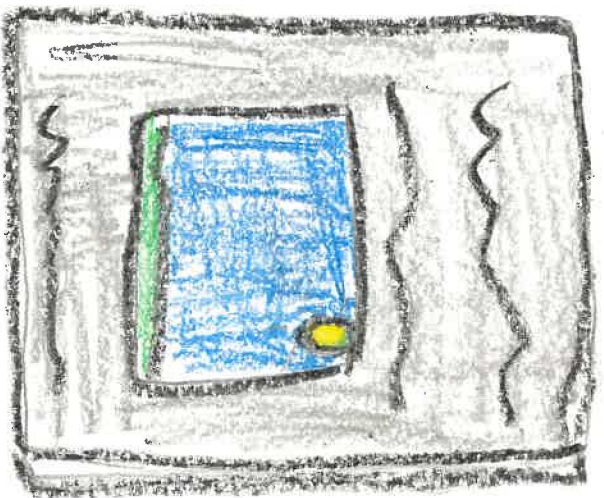

Madelin: I am thankful for my pets I love my pets so much and when I am sad they make me very happy at home too. Then I don't make me sad any more when they are around me too.

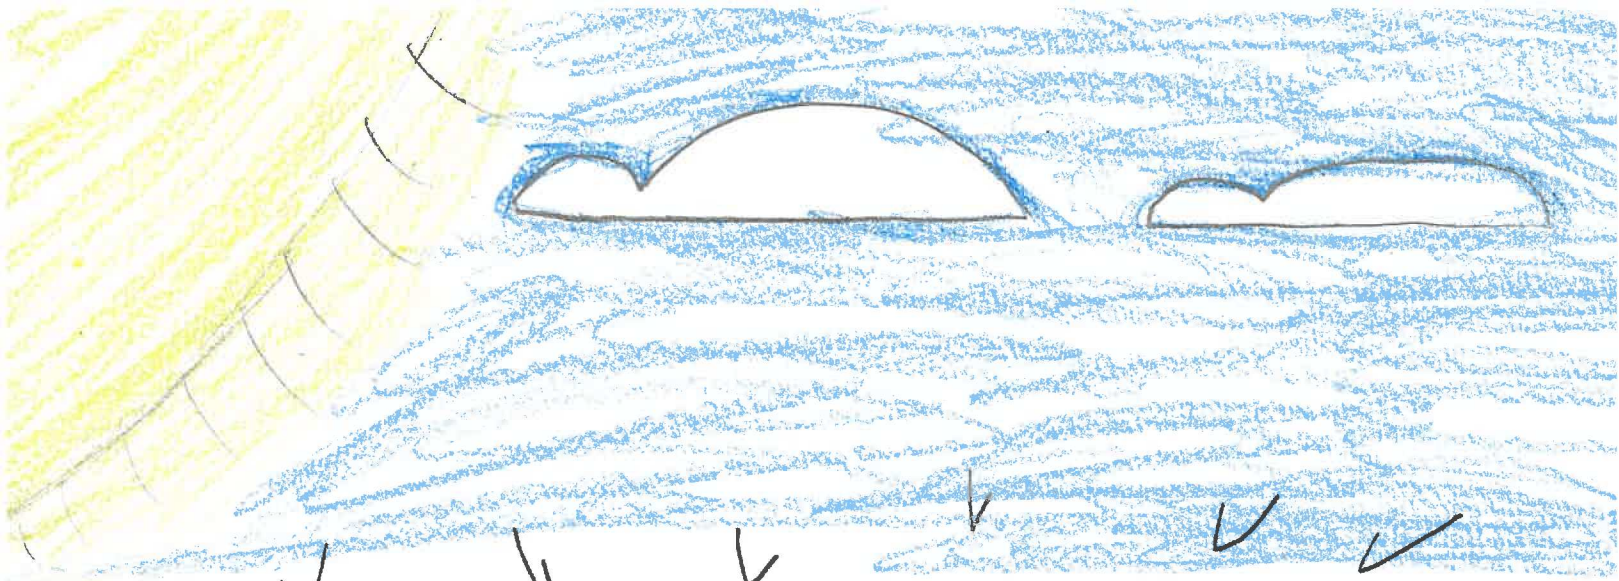

Madelin: I am thankful for my siblings they make happy and they play with me when I am done with homework to they are the best siblings ever I had in my life.

I am grateful for my family. First I am grateful for my mom for making me food for school and life. I am also grateful for my sister who makes me feel like a great person, because she congratulates me for cheering someone on at a soccer game. I am also grateful for my dog who protects me from bad people. I am also grateful for my dad who helps me with homework, and tricky words. That is why I am grateful for my family.

One thing that I am thankful for is my family because I love them very much. Another thing is that I am thankful for is my school for teaching me throughout the years I have been in Oak Grove. Something else I am thankful for are my cousins because I wouldn't have been able to have fun without them. One other thing I am thankful for is my home because it keeps me safe and warm, it also helps me because I sleep there and all of my belongings are in my home.

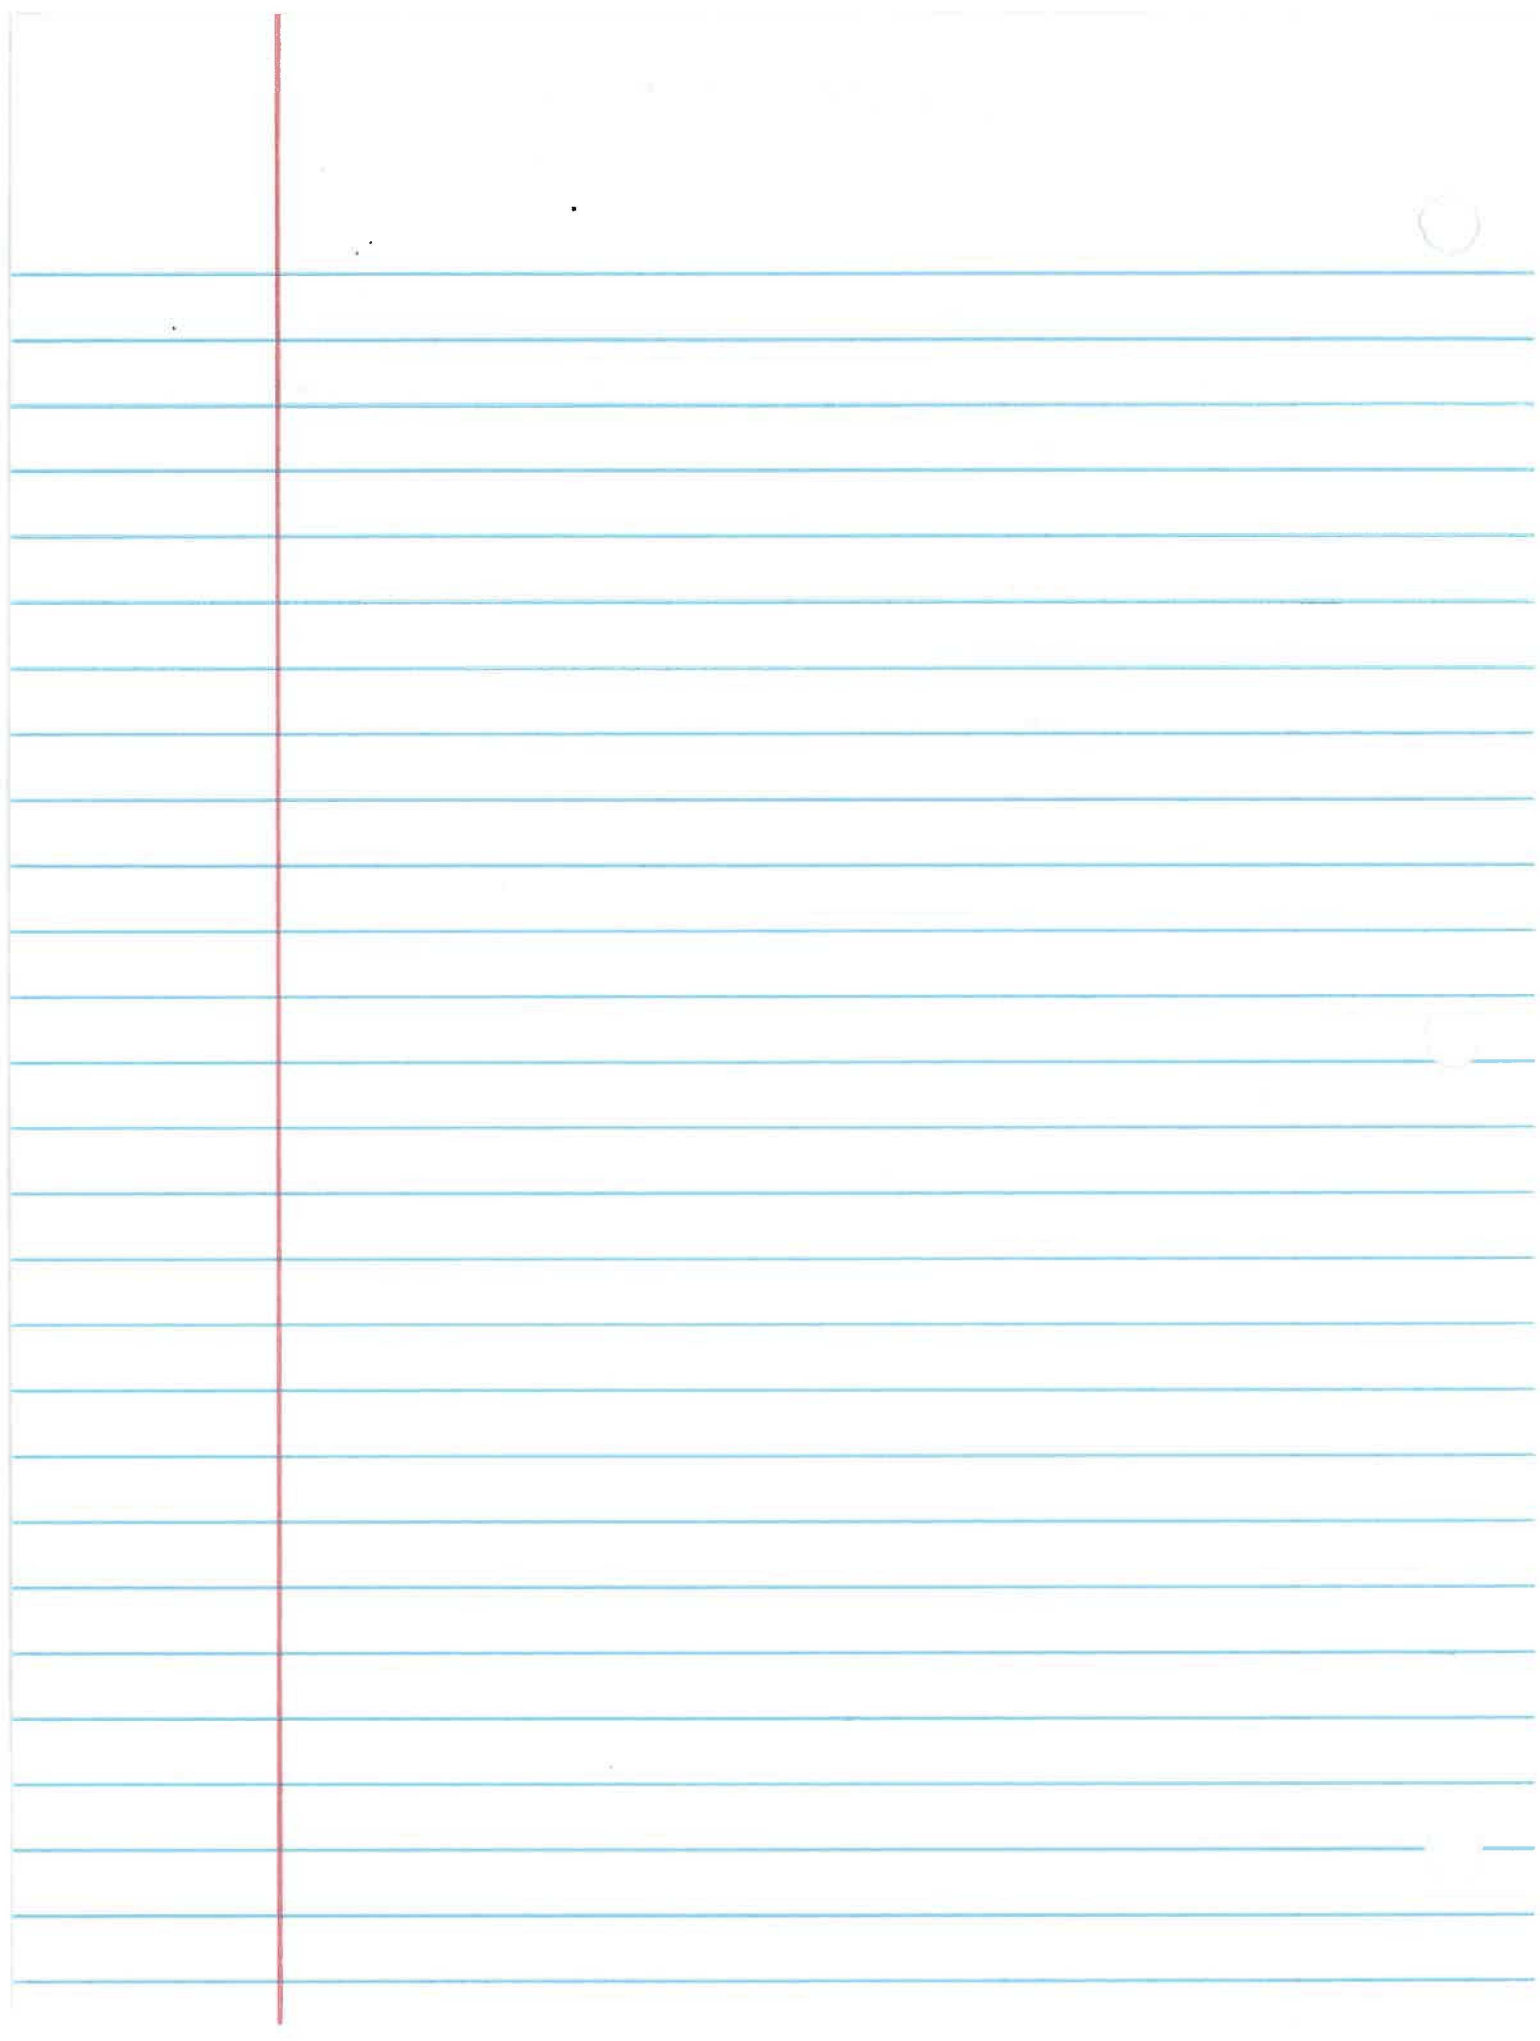

I am thankful for God because he made me and my family.

I am also thankful for my puppy because he is fluffy and I love to cuddle with him. One other thing I am grateful for is my friends because they are kind and without them I wouldn't have had any friends. Something else I am thankful for is the food my mom feeds me and how I am thankful for is the hospital because they take care of others and me.

I'm thankful for my dad because he teaches me many many life lessons. For example he said that you have a roof over your head and a family who loves you. And some other kids that their family don't care about them. And you never go to bed with a hungry stomach. Some kids do your age me and your mom buy you cloths some kids don't have it as good as you. You're lucky I work hard for money to provide for you. Also he teaches me well because he's the best dad in the entire world. Because he is very smart he teaches me math and one time I made a desemole.
