

I'm thankful for my sisters
Even tho sometimes we fight
I'm thankful for my mother
Who has helped me do what's right
I'm thankful for my friends
They are always by my side
I'm thankful for my father
Who gives me so much pride
I'm thankful for my grandma
She always lights the way
I'm thankful for my uncle
And all he has to say
I'm thankful for my teachers
They help my future grow
I'm thankful for my coach
She helps me where to go
For all these gifts that I have found,
My grateful heart makes a joyful sound.

Counting My Blessings
