I Am Grateful

I have lots of things to be grateful for, like Hashem, my mom and Mazel Day School! First Hashem makes me happy by giving me many blessings. He is also an amazing Father because He takes really good care of me. Next, I give thanks to my mom because she protects me in every way possible. She also loves me a lot and gives me many hugs and kisses. Finally I appreciate Mazel Day School for the amazing teachers. I am also thankful for the education because I know a bunch of important things. Hashem, my mom, and Mazel Day School are three very important and special parts of my life.
