This Thanksgiving

There are a lot of things I'm thankful for this Thanksgiving.

First, I'm thankful for my house because it's warm and it's not freezing like outside. It also keeps me safe with the locked doors and roof.

Next I'm grateful for my family because they love me and understand me. They also help me with tests, friendships, and homework.

Finally, I'm thankful for Hashem because He protects me by placing an angel next to me to protect me. He also helps me during fights with friends.

These are the reasons I'm thankful for my house, my family, and Hashem.
