

*Thanksgiving is a time to remember all the things we are thankful for. I am thankful for my parents, cousins, and siblings. First I am thankful for my Mom. She takes us places like my friend's house. My mom works at a gym and works hard to provide for the family. I am thankful for my dad. He is very playful and we play pretend vet. It is fun! My dad works hard at his job at Collis. Next, I am thankful for my cousins. My cousins are named Sophia, Nate, Lucas. I am going to start with Sophia. She always plays with me. We play games together like Legos and hide and seek. Next I'm thankful for my cousin, Nate. We play Nerf guns, tag, and more. He is fun to play with. Last, I'm thankful for my cousin, Lucas. Lucas runs around with us and sometimes plays Nerf guns with us, too. He is fun to play with. Finally, I'm thankful for my siblings, Connor and Charley. I am thankful for my brother, Connor, because we play games together like tag, hide and seek, throw the golf ball into the holder, and more. I'm also thankful for my sister Charley. She runs around and goes on bikes and scooters with me. My siblings are awesome. I am thankful for many things but especially my parents, siblings, and cousins!*
