I Am Grateful

This Thanksgiving, I am grateful for my family, my friends, and Hashem. First, I am thankful for my family because they make me laugh by kissing me nonstop. They also make me happy by cooking yummy food. Next, I appreciate my friends because they make me happy by playing games with me. They also make me laugh when they make funny poses and flap their arms. Finally, I am happy to have Hashem in my life because he grants many of my wishes. He makes me happy by putting me in such an amazing world. That is why I appreciate my family, my friends, and Hashem.
