

## I Am Thankful For My Family

By: Elizabeth Faron

Are you thankful for your family? I am! I am thankful for my family because they're always there for me when I need them, they always help me succeed and overcome obstacles, and they always make me smile and crack up. I love my family so much!

I am thankful for my family because they are always there for me when I need them. One example is when I need to talk to someone my Mom and Dad always listen to me. Another example is my Mom and Dad always bring me to the places I need to go. Lastly, whenever I need something my mom is always prepared.

I am thankful for my family because they always help me succeed and overcome obstacles. First whenever I have a test they quiz me and help me understand it. Second, they always encourage me to do my best and never give up. Finally, even if I don't get something right but I try my best they are still proud of me.

I am thankful for my family because they always make me smile and crack up. One reason is when we eat dinner my brother has a funny or even weird story that entertains me. Another reason is when my Dad comes home from work he gives me a big hug and sometimes tickles me. My last reason is when I get off the bus every day my Mom always asks me how my day was and tells me about her day too.

To wrap it up, I love my family. I am thankful for my family because they are always there for me when I need them, they always help me succeed and overcome obstacles, and they always make me smile and crack up. I love going on vacations together and having fun! I love my family.
