# Things I'm Thankful For

I'm thankful for many things this Thanksgiving. First I'm grateful for my family because they are fun. For example, they take me on cool trips, like the time we went to Hershey Park. They are also helpful when I do my homework, and my dad explains stuff I don't understand. Next, I'm grateful for Mazel Day School because it's very fun. For example, we have fun lessons like when we made challah. We also learn many new things like Hebrew which is a new language. For me last, I'm thankful for my relatives because they are creative. They make cool and fun games like Duck Duck Goose. Also they are supportive because they are there for me when I need them. These are some of the things I'm thankful for this Thanksgiving.
