Thanksgiving

I am thankful for so many things. Here are the reasons why.

I am thankful for a family because if I didn't have a family, I ~~Id~~ I really don't know what I could do, with all the love and support my family gives to me!

I am also thankful for my ~~Friends~~ friends because if I didn't have friends I would be super lonely and heart broken.

I am thankful for food and water, I don't think that I could survive! I think I'd definitely be hard.

I am thankful for shelter. If I didn't have shelter Oh I'd be really sad and depressed.

Thank you for reading my Thanksgiving Day essay! I hope you enjoyed reading it. Now you can tell that I am so thankful!
