This Thanksgiving

This Thanksgiving I am grateful for my sister, Hashem, and my Mom. First, I'm grateful for my sister because she is very fun. She makes me happy by baking with me and playing games with me. Secondly I am thankful for Hashem because he is very kind. He gives me blessings and miracles that help me in my life. Finally, I'm thankful for my mom because she is helpful. She helps me with homework and gives me support whenever I need it. These are the reasons I am grateful for my sister, Hashem, and my mom.
