

There are many things I am thankful for. One of the things is my family, my parents are nice, very caring. They give me things that I would like my dog Murphy and a PS5. They are also very sweet and nice to my friends. Something else I am grateful for is my dog, my dog's name is Murphy. Murphy is a german shepherd, she is playful, energetic, adorable, and cute. Murphy runs around a lot outside and we play fetch together all the time. One last thing that I am grateful for is food. Food is delicious, tasty, sweet, yummy, lovely, awesome, savory and great in general. My favorite food is a medium-well, buttery steak cooked on the grill to that perfect, crispy, crust.
