

Jayson

This year, I am thankful for my mom, my teacher, my sister, my friends, cousins, **grandma, my nana**, grandma, and my grandpa, because they help me a lot, cook for me, and buy me things. I love my family because they are my family members, and they help me a lot with stuff. They take care of me a lot and my parents helped out a lot with chores for my mom. **And they also buy me skins on video games and take care of me. All these people help me smile a lot.**
