“What are you thankful for?”

The word thankful means to feel a deep sense of gratitude and gratefulness. It means to be appreciative for whatever you may have. There are a lot of things in my life that I am thankful for.

One of the things I am thankful for is my family. My parents work so hard and do so much for me, all to make sure that I am taken care of and happy. Whether it's cooking an amazing meal for me when I don't feel well, or making me laugh when I'm upset, my parents never fail to make me smile. I am thankful for my little brother, too. Even though sometimes we fight, I always enjoy teaching him new things, playing with him, and making him laugh. My family is so important to me and I am so thankful to have them in my life.

Another thing I am thankful for is my school. When I am in school, I am surrounded by so many wonderful and caring people, including my friends, teachers and all the other school staff. This school has taught me so much, and I would never be able to count all of the amazing memories I have made here. The O.L.G.C community is the most amazing school community I could ever imagine and I am so thankful to be a part of it.

To be thankful means to feel a deep sense of gratitude and appreciation, and I feel that feeling every day. I am so lucky to have so many amazing things and people in my life. I could never be more thankful.
