

I am thankful for my family because they do everything for me and support whatever I do. I am thankful for food, like eating when I'm hungry. I am thankful for shelter because I have a place to stay. I am thankful for many other things, such as my action figures, which I can pose for stop-motion videos and have fights with. I am thankful for my room, my shoes, the internet, my shows like Ultimate Spider-Man, Invincible, and Ben 10 Classic, music, and watching videos. I am thankful for relaxing, watching TV on YouTube. I enjoy videos that review action figures that I need for my collection, listening to Harry Mack freestyles, and playing Roblox, which is the best thing to do every day! But most of all, I'm thankful for being here.

Liam
