Thanksgiving is a time to remember all the things we are thankful for. I am thankful for my pets, my sister, and my mom and dad. First of all, I am thankful for my pets. My cats are loving, playful, cute, and adorable. My bird, Lelo, likes to climb. And my other bird, Stich, likes to cuddle. However My bird, Blue, likes to bite me and my sister. Next, I am thankful for my sister, Leilani. My sister is kind and funny. When I am sick Leilani makes me a treat. Lei likes to play with me and she laughs with me. Finally, I am thankful for my mom and dad. I love my mom so much. My mom and I like to snuggle together. It is my favorite thing to do! My dad lives in North Carolina. My sister and I stay in North Carolina for the summer. We love spending time with our Dad in the summer. I am thankful for the fun things we do with our Dad. We love to go to the pool and have fun in the sun. I am grateful for my family and pets every day!
