Evergreen

Charter school

Many people can come into my life. For example, the people that have come to my life are Joanna, Aliyah. They make me feel happy and joyful. These people impacted my life ever since I joined Evergreen. You know how it feels being the new student at a new school. It sucks but I was lucky because when I entered the school the first person that came up to me was Aliyah she just came up to me and said "Hi, what's your name?" Mia" I said. So then she answered, "nice name, do you want to be friends?" she ask me, so i answered her "Yeah sure" so we got to know each other more by the time and we both realised how much we have in common with a lot of things so then "Aliyah" said "you wanna meet my other friends" I said "sure" so here is where I meet Joanna. Joanna came up to me and said "hi whats your name" "Mia" i said. "Nice to meet you" Joanna said "nice to meet you too" i said "do you want to be friend" said Joanna "sure" I said we got along really good and we also had a lot in common and this is how I met Joanna and Aliyah. Thanks to them I am not lonely anymore.

Thank you
