

*Thanksgiving is a time to remember all the things we are thankful for. I am thankful for my mom, sisters Aina and Nabiha, and my teacher, Mrs. Schmidt. First I am thankful for my mom. She feeds yummy food like Hihari. Also, she buys me stuff I want. Second, I am thankful for my sisters Aina and Nabiha. They take care of me and take me places and give me rides in their cars. I enjoy hanging out with them. Also, my sisters pay for food for my whole family which is very generous. Lastly, I am thankful for my teacher, Mrs. Schmidt. She is kind and joyful and she teaches me new stuff. If I don't understand something in class, then she helps me figure it out. And if I do something wrong she corrects me. She does lots of fun things with me and my class. She is the best teacher. I am thankful for my family and my teacher today and every day.*
