thankful essay

11/9/25

I am thankful for the simple things like going to a nice school, food, water, shelter, and my dad's support and love. I am just thankful I have a bed and my pillow. I am also thankful for my friends and their funny, supportive sportsmanship and the help they give me. We spend our time playing tag and playing catch with the ball. And we share secrets and talk about Steal A Brainrot.

I'm grateful for my family because they make me feel very comfortable and happy. My family is important to me because they always take care of me no matter what. They always laugh at my jokes. My family always shows up to my games, or even if it's just my older sister because my dad works. they still show up for me.

My family feeds me such good food, which I'm very grateful for. I am also thankful for my dad's support and love and always putting a smile on my face. I play baseball and I am grateful for the friendships that will last all my life, formed over many games, and the opportunity to learn about teamwork and how you will lose some and win some in life at a young age.

I am in the 4th grade. My teacher is nice, and my teacher is Miss B, which is short for miss Bochichio. She is my favorite teacher I had throughout the school year. I am very happy I can go to a nice school and be able to learn while also having fun. I've made many friends at school. Also, I am grateful for how easy it is to go to school. Another thing I am thankful for is my dad sends me to a private school and shows up to events for me.

Overall I am thankful to be able to enjoy all the blessings in my life. I couldn't imagine life without all these amazing people, sports, and such a supportive family. My family is really just the best.
