

Thanksgiving Poem

This year I am thankful for all the help I've had.

One of those amazing helpers was my dad.

This year I'm thankful for all the knowledge that I learned.

I also learned that there is nothing else better to earn.

This year I'm thankful for the teacher I received.

She is gonna teach me alot and that is guaranteed

This year I'm thankful for all the opportunities there is.

Like every little test or even a quiz.
