

Thanksgiving is a time to remember all the things we are thankful for. I am thankful for my sister and brothers, my parents, and my friends. First I'm most thankful for my sister, Asia. She takes me out of the house to places like KFC, the playground, and fishing places. She is also funny and loving. Next, I'm thankful for my brothers. They're a helpful hand when it comes to certain things like doing work and fixing things. They are also big protectors in school. Next, I'm thankful for my parents. My mom makes sure I'm comfortable at night. And my dad protects the house and makes sure no one breaks in. Finally, I'm thankful for my friends. I'm thankful for Jackson, Dezz, and Diego. I'm thankful for Jackson because he is nice and quiet. I'm thankful for Dezz because he helps me and is competitive. I'm thankful for Diego because he is competitive at football in the gym. I am thankful for my parents, my siblings, and my friends.
