

## My Thankful Essay

What does thankful mean? Thankful means you are grateful for something, it can also mean you love and appreciate it. For example, 'I am thankful that I have water to drink and food to eat.' "I am thankful for my family and the love they share with me."

I am thankful for my family because they feed me, they give me water, and they look after me. My family makes me feel happy and loved. They also make me feel like I am never alone, and they never do stuff without me. I appreciate them so much.

I am thankful for my friends because they make me feel better when I get upset and they are always there to cheer me up. They also play video games with me, and they are never upset with me no matter what happens. I have a lot of fun and good times with my friends.

I am thankful for my teachers because they help me learn and grow. They help me understand things and they're very patient. I'm thankful for the whole OLGC community, we feel like a big family, and I appreciate that a lot. I am thankful for sports because they get me out of the house and help me exercise. Sports are my favorite, and I enjoy playing and watching them. It's so much fun to be a part of a team and I also learn how to win and lose with grace.

I have so many things in my life to be thankful for and I appreciate all of them. They have all made me who I am today and filled my life with so much happiness.
