Thank you family

These are some amazing things I'm thankful for in my life.

First I am thankful for my Parents.

My mom gives me Love, free food and homework help, and my dad gives me great advice that helps my brain grow.

Another thing I appreciate is my brother Sam, because he shares his silliness with me. Sam and I have lots of chats

which makes us close. Last but not least my dog Onyx gives THE BEST cuddles and is so cute. Onyx is so fluffy so there is fur all over the house.

I'm really grateful for these things and thank u for blessing me with them!
