

Thanking Free Verse Poem

The People Around The Table

More than just me, my mom, sister and dad

My cousins, Tias, Tíos, and grandparents join

The food covers the table

My pets are getting spoiled with food

Food takes up more space than us

Cooking together, eating together, being together

Laughing around the table, squawking, barking

Altogether having fun

Full bellies , huge smiles

The people around the table is what I'm most thankful for
