"Give thanks to the lord for he is good, his love endures forever".
Thankfulness means being kind and grateful. I'm thankful for my family, friends, sports, and my dog, Kona. My essay is about what I'm thankful for.

I'm thankful for my family because they help me with my homework. My family helps me and spends time with me. My family makes me feel happy and we have fun together. My family is important because they are nice, and take care of me.

I am grateful for my friends. My friends are special because they are nice, kind and great. We look out for each other. We play Roblox together and call each other. My friends hang out with me and play sports together.

I am grateful for my school and sports because I have great coaches and teachers. Lots of my friends are on the basketball team with me. Having my friends with me in school and on my teams makes me feel grateful.

I am very thankful for many things in my life. I am very lucky to have good friends. Telling my family I am grateful for them makes them happy too. Being together is most important to me and my family.
