

I Love My Life

Sophie T. 651

My dad is important
He saved me from the ocean currents.
My mom is my role model
She would always save me anywhere,
If I were in a forest or a dark tunnel.
My brother is so funny
He takes care of me when my nose is runny.
Of course, my friends!
Always laughing and smiling until the waterfalls end.
I love music
Melodies and emotions portrayed beautifully
Just so wonderfully
Overall, we all deserve to be loved
I'm thankful for my life
Reaching for the sparkling stars right above
