I am thankful for many things, but the thing I am most thankful for is...

Respecting my school community, and to put energy in my work, And
to respect my classmates and my teachers, and our best principal
and to put energy in my work. Also to help others in
need. And I want to show kindness to others, and we can convert
our actions toward our classmates and friends. We are supposed
to try our best, and to respect others opinions and not to
judge others by their looks, and to keep our school active
in order to do our work and to pass our grades. Also we are
stars, and we are excellent and smart. And although we still
try our best to keep our school active. And for the exciting
field trips and activities. We all must show kindness to each
other. And we are happy to pass our grades and more events.
