

Thanksgiving Thankful Essay
By Yash Ramasami
John Street School
4th grade

My name is Yash Ramasami and throughout this essay you will learn the reason why I am thankful for food, friends and my school and I hope you enjoy reading my essay.

One thing I am thankful for is my family and friends. I am thankful for my family because anywhere I go they are always there to support me. Another reason why I am thankful for my family is because they let us have fun like going to parks and going to the pool and other fun things. One reason why I am thankful for my friends is because I have a lot of fun playing with my friends and talking to them and mostly they keep me company.

I am also thankful for having food and water. Food and water is important to me because without food and water, I wouldn't be alive and it also keeps me healthy. So that is why I am thankful for food and water.

Finally, I am thankful for my school. I am thankful for my school because I learned a lot of things from my teachers, such as math, science and social studies. Another reason I am thankful for my teachers is because they help me solve problems and understand my school work. So those are two reasons why I am thankful for my school.

Thanksgiving is important because it is the time to tell people what they are thankful for, and as you can see, I am thankful for my friends and family, water and food and lastly John Street School.
